Dear Mr. Engel, Mr. Ladanyi and Mr. Quinn:

**Re: Request for Intervenor Status and Cost Eligibility  
Enbridge Gas Inc.'s application for leave to construct the London Lines Replace  
Project  
Ontario Energy Board File Number: EB-2020-0192**

This letter is in response to each of your letters dated November 2, 2020, filed on behalf of Building Owners and Managers Association (BOMA), Energy Probe Research Foundation (EP) and Federation of Rental-housing Providers of Ontario (FRPO), in which you have provided additional information in respect of your intervention request in the above noted proceeding.

The OEB is satisfied that each of BOMA, EP, FRPO have a “substantial interest” in this proceeding within the meaning of Rule 22.02 of the OEB’s *Rules of Practice and Procedure*. Each of BOMA, EP and FRPO are approved as intervenors and are eligible to apply for an award of costs under the OEB’s *Practice Direction on Cost Awards*.

In order to ensure the efficient processing of applications, parties applying for intervenor status are reminded to provide sufficient detail in their letters of intervention.

Yours truly,

*Original Signed By*
