Dear Ms. Long:

**Re: Canadian Niagara Power Inc. ("CNPI") 2021 IRM Application (EB-2020-0008)  
Inflation Factor Election**

---

In response to the OEB's letter of November 9, 2020, CNPI confirms that it is electing to implement the standard 2021 inflation factor for electricity distributors, which the OEB calculated as 2.2%. In consideration of CNPI's assigned stretch factor of 0.45%, the resulting net 2021 Price-Cap IR adjustment factor for CNPI is 1.75%.

Sincerely,
