

ONTARIO ENERGY BOARD NOTICE TO CUSTOMERS OF BURLINGTON HYDRO INC.

Burlington Hydro Inc. has applied to change its electricity distribution rates and other charges.

Learn more. Have your say.

Burlington Hydro Inc. has applied to the Ontario Energy Board to change its electricity distribution rates effective May 1, 2021. If the application is approved as filed, a typical residential customer and a typical general service customer of Burlington Hydro Inc. would see the following increase:

| | |
|---|------------------|
| Residential (750 kWh) | \$2.73 per month |
| General Service less than 50 kW (2,000 kWh) | \$6.21 per month |

Other customers, including businesses, may also be affected.

Burlington Hydro Inc. has also applied to charge non-carriers a different pole attachment charge for access to its power poles than carriers and requested approval of an Advanced Capital Module to implement a new Enterprise Resource Planning system. It is important to review the application carefully to determine whether you may be affected by these changes.

THE ONTARIO ENERGY BOARD WILL HOLD A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider Burlington Hydro's application. During this hearing, which could be an oral or written hearing, we will question Burlington Hydro on its case for a rate change. We will also hear questions and arguments from individuals that have registered to participate (called intervenors) in the OEB's hearing. At the end of this hearing, the OEB will decide what, if any, rate change will be allowed.

Distributors such as Burlington Hydro typically apply for a full review of their rates every five years. Any rate changes for the years in between are made by applying an OEB-approved formula which is tied to inflation and other factors intended to promote efficiency. You may not get notice of future rate changes made by applying the formula.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.

BE INFORMED AND HAVE YOUR SAY

You have the right to information regarding this application and to be involved in the process.

- You can review Burlington Hydro's application on the OEB's website now
- You can file a letter with your comments, which will be considered during the hearing
- You can become an intervenor. As an intervenor, you can ask questions about Burlington Hydro's application and make arguments on whether the OEB should approve Burlington Hydro's request. Apply by **December 7, 2020** or the hearing will go ahead without you and you will not receive any further notice of the proceeding
- At the end of the process, you can review the OEB's decision and its reasons on our website
