**Re: Renfrew Hydro Inc. (RHI) - 2021 IRM Application – Inflation Factor Election
OEB File No. EB-2020-0052**

Dear Ms. Long,

In response to the OEB's letter of November 9, 2020, RHI confirms that it is electing to implement the 2.2% inflation factor, as calculated by the OEB. Applying this inflation factor with RHI's assigned stretch factor of 0.30%, would result in a 2021 Price-Cap IR adjustment factor of 1.90%.

Sincerely,

Lance Jefferies

President

Renfrew Hydro Inc.

cc: Kelli Benincasa, OEB Staff
