Dear Ms. Long:

**Re: Board File No. EB-2020-0016  
Energy+ Inc. – 2021 Inflation Parameter**

On November 9<sup>th</sup>, 2020, the Ontario Energy Board (“OEB”) issued a letter which established the inflation parameters for 2021 electricity distribution rates. The letter also provided utilities discretion to elect the calculated inflation factor, per the OEB-approved methodology, or a lower value of the distributor’s choosing.

Energy+ Inc. is writing to advise the OEB that it has elected to use the OEB’s calculated 2021 inflation factor for electricity distributors of 2.2% for 2021 electricity distribution rates.

Regards,
