**Re: 2021 Input Price Index
EB-2020-0022 - Festival Hydro Inc. 2021 Price Cap IR Application**

Dear Ms. Long,

Festival Hydro has chosen to elect the calculated 2021 Input Price Index of 2.2% as per the OEB-approved methodology. Festivals stretch factor is 0.3% therefore resulting in a 1.9% net inflation adjustment on rates effective January 1st, 2021.

Festival is asking the OEB to update the 2021 IRM rate generator model (EB-2020-0022) to reflect the elected input price index of 2.2%.

If you have any questions please contact me at the number noted below or by email at esmith@festivalhydro.com.

Yours truly,
Festival Hydro Inc.

Erin Smith
