Dear Ms. Long:

## Re: EB-2020-0251-2021 Uniform Transmission Rates ("UTR") 2020 Forgone Revenue for Canadian Niagara Power Inc. ("CNPI")

In response to the OEB's letter of November 9, 2020, CNPI submits its 2020 foregone revenue calculations and accrued interest calculations with both one-year and two-year disposition scenarios. These calculations are enclosed as Appendix "A", and are accompanied by a live Excel spreadsheet.

Additionally, in its Decision and Order in respect of 2020 UTR, the OEB acknowledged that CNPI's approved 2017 foregone revenue had not yet been recovered, and anticipated "that CNPI's request will be determined when the 2021 UTRs are established." ${ }^{1}$ Accordingly, CNPI also submits its 2017 foregone revenue calculations and accrued interest calculations, enclosed as Appendix " $B$ ", and accompanied by a live Excel spreadsheet.

## Principal Calculations

CNPI confirms that the enclosed calculations of principal balances relating to 2017 and 2020 foregone transmission revenue are consistent with the calculations previously filed in EB-20200251 and other prior OEB proceedings.

## Interest and Disposition Calculations

The interest schedules enclosed calculate simple interest additions, based on the monthly opening principal balances for 2017 and 2020 foregone revenue, and the OEB's prescribed interest rates. Forecasted interest is calculated over the two disposition scenarios, in order to illustrate the impact of each scenario on total interest charges.

[^0]For administrative simplicity, the 2017 and 2020 foregone revenue principal balances, are projected to be recovered in 12 equal installments, or 24 equal installments, depending on the disposition period, with interest additions declining each month as the total principal balance is reduced. The total interest forecast, from the effective date of each account to the end of the disposition period, is then projected to be recovered in 12 or 24 equal installments over the disposition period.

## Summary

The following tables summarize the impact to CNPI 2021 and 2022 transmission revenue requirement, resulting from 12-month and 24-month disposition scenarios:

Table 1: Revenue Requirement Impact - 2020 Foregone Revenue

| Disposition Period | Foregone Revenue |  |  | Incremental Revenue Requirement |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Principal | Interest | Total | $\mathbf{2 0 2 1}$ | $\mathbf{2 0 2 2}$ | Total |
|  | $\$ 181,319$ | $\$ 1,331$ | $\$ 182,650$ | $\$ 182,650$ | $\$ 0$ | $\$ 182,650$ |

Table 2: Revenue Requirement Impact - 2017 Foregone Revenue

| Disposition Period | Foregone Revenue |  |  | Incremental Revenue Requirement |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Principal | Interest | Total | $\mathbf{2 0 2 1}$ | $\mathbf{2 0 2 2}$ | Total |
|  | $\$ 230,776$ | $\$ 15,000$ | $\$ 245,776$ | $\$ 245,776$ | $\$ 0$ | $\$ 245,776$ |
| 24 -month | $\$ 230,776$ | $\$ 15,658$ | $\$ 246,434$ | $\$ 123,217$ | $\$ 123,217$ | $\$ 246,434$ |

CNPI's preference is for a one-year (12-month) disposition period, in consideration of cash-flow, administrative effort, and the relative materiality of its foregone revenue compared to the total 2021 transmission revenue requirement for Ontario. CNPI recognizes however that there may be material differences in bill impacts between one-year and two-year disposition periods when the foregone revenue from larger transmitters in considered, and does not object to a two-year disposition period in consideration of bill impacts.

Sincerely,
