Dear Ms. Long:

Re: EB-2020-0233: EPCOR Natural Gas Limited Partnership's ("EPCOR") 2021 Incentive Rate Adjustment Application - South Bruce

Enclosed is EPCOR's revised 2021 Incentive Rate Application for the South Bruce territory for rates effective January 1, 2021.

During review, a discrepancy was noted by Board staff in the Unauthorized Overrun Charge for Rates 11 & 16 on the proposed rate schedules (pages 37 & 40).

During the filing the prior year's application (EB-2019-0264), EPCOR revised the application to increase the Authorized Overrun Charge by the inflationary factor (1.5%) as it was missed on the initial submission. There was not a similar request submitted for the Unauthorized Overrun Charge, which as a result, was not increased.

An inflationary increase to both the Authorized and Unauthorized Overrun Charges is included as part of the current application, but the rates used have been corrected to accurately reflect the omission in 2019-0264. The corrected rates are as follows:

Rate 11	EB-2018-0264	EB-2019-0264	EB-2020-0233
Authorized Overrun	16.0000	16.2400	16.4933
Unauthorized Overrun	388.9000	388.9000	394.9668

Rate 16	EB-2018-0264	EB-2019-0264	EB-2020-0233
Authorized Overrun	5.0000	5.0750	5.1542
Unauthorized Overrun	389.0000	389.0000	395.0684

No other content revisions were required as a result of this adjustment.

Please feel free to contact me if you have any questions regarding this matter.

Sincerely,
