Attention: Registrar

Dear Ms. Long:

**Re: Enbridge Gas Inc. (EGI)
Low Carbon Energy Project – Application for leave to construct and related
approvals
EB-2019-0294**

Please find attached the cost claim of H2GO Canada (**H2GO**) in the above-referenced proceeding (the **Proceeding**), filed pursuant to the Board's Decision and Order dated October 29, 2020 (the **Decision**).

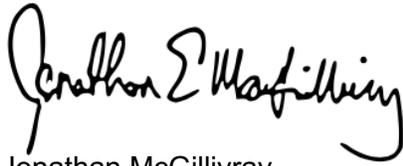

H2GO respectfully requests an award of 100% of its eligible costs. H2GO submits that this request is supported by the following considerations:

- (i) H2GO participated effectively, taking a surgical, principled, and coordinated approach to the issues and undertaking coordination with other intervenors to avoid overlap and maximize efficiency in all aspects of the Proceeding;
- (ii) H2GO participated responsibly and made reasonable efforts to ensure that its participation was not unduly repetitive and was focused on relevant and material issues; and
- (iii) H2GO contributed to the Board's better understanding of issues in the Proceeding by reviewing evidence, filing interrogatories, and filing final written submissions.

We trust that this approach maximizes efficient use of resources and brings to bear a non-commercial, non-competitive interest and policy perspective that is relevant to the Board's mandate to promote energy conservation and energy efficiency and to the Proceeding.

H2GO respectfully requests a full award of eligible costs.

Sincerely,
