Registrar and Board Secretary
Ontario Energy Board
Toronto, ON

Dear Ms. Long:

**Re: EB-2020-0297 – Ontario Power Generation Inc. - 2022-2026 Payment Amounts Application
Consultation Participation and Request for Cost Vulnerable Energy Consumers Coalition
(VECC)**

This letter is in response to the Board's letter of December 9, 2020 in respect to the Pre-Application consultation of the upcoming Ontario Power Generation payments application. VECC will be participating in the Board's Stakeholder Conference on December 17, 2020. In our letter of December 10 notifying the Board of that we neglected to include our request for cost eligibility for this consultation. We do so now and apologize for any inconvenience this oversight may have caused.

VECC is a well know intervenor in matters before the Board. We have been approved as an intervenor in OPG's prior payments applications including the most recent application EB-2018-0243. Our interests are to help ensure that Ontario low-income ratepayers of electricity service are provided the most reliable service at the lowest cost possible.

Yours truly,

Mark Garner
Consultant for VECC/PIAC
