Ms. Christine E. Long, Registrar
Ontario Energy Board
Suite 2700, 2300 Yonge Street
P.O. Box 2319
Toronto, ON M4P 1E4

Dear Ms. Long:

**EB-2020-0150 – Upper Canada Transmission (NextBridge Infrastructure LP) - 2022-2031
Custom Incentive Rate-setting Application – Intervenor Status Request**

In response to the Ontario Energy Board's above-named Notice of Application, Hydro One Networks Inc. ("Hydro One") is requesting intervenor status.

Hydro One owns and operates extensive electricity transmission and distribution facilities throughout Ontario and is a major stakeholder in the Ontario energy sector and a regulated Ontario electricity distributor and transmitter. The East-West Tie line will connect to transmission assets and facilities owned and operated by Hydro One. Hydro One is upgrading associated transmission stations to accommodate the line. Hydro One is also in negotiations to be a service provider to NextBridge. These, together with the Application's impact on Uniform Transmission Rates result in Hydro One having significant interest in this Application.

Hydro One intends to participate in the proceeding as necessary to determine issues, clarify or test evidence through interrogatories, and if required, provide submissions and/or argument on issues pertinent to its interests.

Hydro One is not eligible for and does not intend to seek an award of costs as per the Board's Cost Award Guidelines.

Hydro One requests that documents filed with the Board in this proceeding be served as follows:
