Re: Upper Canada Transmission Inc. (UCT) 2022 to 2031 Transmission Revenue Application
AMPCO Intervention Request
Board File No. EB-2020-0150

Dear Ms. Long:

I am writing pursuant to the Board's Notice regarding the above proceeding to request intervenor status.

AMPCO's Interest

AMPCO is a not-for-profit consumer interest advocacy organization. AMPCO's members represent Ontario's major industries: forestry, chemical, mining and minerals, steel, petroleum products, cement, automotive and manufacturing and business consumers in general. AMPCO members are major investors, major employers and a major part of communities in which we operate, across Ontario.

AMPCO and its member companies are well known to the Board. AMPCO participates in many proceedings, working groups, consultations and initiatives of the Ontario Energy Board in which matters relevant to Ontario's large electricity consumers are being addressed.

AMPCO's interest in the Board's regulation of distribution and transmission companies relates generally to the interests of consumers with respect to price, adequacy, reliability, affordability and quality of electricity service, and, more particularly, to how costs are allocated to, and rates are designed to recover costs from, industrial customers.

UCT seeks approval of a Revenue Cap Index (RCI) framework for the period April 1, 2022 to December 31, 2031. The base revenue requirement and rate adjustments are proposed to be implemented through the OEB's approved Uniform Transmission Rates for the Network pool. AMPCO's intervention will be focused on key aspects of the application including recovery of development and construction costs, use of the Custom Incentive Regulation Model as a framework to annually adjust transmission orders, calculation of revenue requirement, review of the Transmission Plan, and the establishment of new variance accounts. AMPCO intends to participate in all key aspects of the process as required including interrogatories, technical and settlement conferences, oral hearing and final submissions. AMPCO is intervening to ensure that the interests of its member are fully represented in the determination of just and reasonable rates.

We respectfully request that the Board please confirm AMPCO's eligibility for an award of costs in this matter.

Notice

Please serve all correspondence pertaining to this proceeding to AMPCO 's consultant as follows:

Ms. Shelley Grice, P. Eng., Consultant
46 Scarborough Road
Toronto, Ontario M4E 3M5
C: 647-880-9942
F: 416-260-0442
Email: shelley.grice@rogers.com

I trust this letter will suffice for the Board to grant intervenor status to AMPCO and to confirm AMPCO's eligibility for a cost award.

Please do not hesitate to contact me if you have any questions or require further information.

Best Regards,

Colin Anderson
President
