Dear Ms. Long:

**Re: EB-2020-0295: EPCOR Natural Gas Limited Partnership (EPCOR) – Southern Bruce  
January 1, 2021 QRAM - Industrial Gas Users Association (IGUA) Comments.**

---

This letter is being submitted in response to the comments received December 15, 2020 by legal counsel on behalf of IGUA, requesting confirmation of the following:

*We note inclusion by ENGLP of a rate schedule for Rate 16 as part of the current application. We would ask ENGLP, in its responding submissions, to;*

*1) confirm that none of its requests in the instant application impact, in any way, Rate 16 customers; and*

*2) indicate any changes in the Rate 16 rate schedule filed with this application compared to the existing Rate 16 rate schedule, and explain the basis for any such changes*

1) EPCOR confirms that none of the requests impact, in any way, Rate 16 customers. The Rate 16 tariff sheet was included for completeness in Appendix B - Draft Rate Schedules under the expectation the tariff sheet from this application will supersede the existing active tariff sheet in entirety.

2) EPCOR used the Decision and Order for the South Bruce 2021 IRM filing as the basis for the Appendix B - Draft Rate Schedules for all rate classes as those rates will also come into effect January 1, 2021. The changes in rates and the basis for change can be found on the OEB website under the proceeding number EB-2020-0233.

Sincerely,

A handwritten signature in blue ink, appearing to read "T. Hesselink", with a stylized flourish at the end.
