3. The School Energy Coalition intends to apply for recovery of its costs reasonably incurred in the course of its intervention in this matter. SEC has participated in many past natural gas and electricity proceedings in Ontario, including consultations, rate cases, and other processes and hearings, and has been found eligible to be paid its reasonably incurred costs in all of those proceedings.

Issues to be Addressed

4. SEC’s intended participation will focus on the following:
 - a. The proposed treatment of capital expenditures in the test year and beyond, including the ICM claim;
 - b. All requests for creation and/or clearance of deferral accounts, and all other components of the Application; and
 - c. Generally to represent the interests of school boards and their students in this process.

The Intervenor's Intended Participation

5. SEC intends to participate in any pre-hearing procedures, including interrogatories or technical conferences, and settlement conferences. SEC also intends to participate in any oral hearing of this matter, and in written or oral submissions, as well as any other parts of the process that the Board should order.

Nature of Hearing Requested

- 6. Until interrogatory responses are received, SEC believes it is premature to determine whether this should be an oral or a written hearing.
