Dear Ms. Walli:

Regarding EB-2020-0150, Request for Intervenor Status

I represent Michipicoten First Nation ("MFN"). MFN seeks intervenor status in Upper Canada Transmission Inc. (operating as NextBridge Infrastructure, LP)'s rate application.

MFN is affected by the outcome of this proceeding because the applicant will be routing its project across MFN's Reserve.

MFN would like an opportunity to formally follow the proceeding and to make submissions.

As a party with an interest affected by the application, MFN would seek an award of costs.

We are aware that this request for intervenor status is a few weeks past the December 2020 filing date. In light of administrative overload, and interruptions caused by the holiday season, my client could not review the notice about this application, and give formal direction to proceed with the intervention, until now. Please accept our apologies for this tardiness.

Sincerely,

Marcie Zajdeman
