Dear Ms. Long:

**Re: OEB File No. EB-2020-0249 EB-2018-0219 PUC Distribution Inc. ("PUC Distribution") SSG ICM Application – Interrogatory Responses.**

On December 18, 2020, PUC Distribution received Interrogatories from OEB staff and 4 intervenors totaling 248 questions. Pursuant to Procedural Order No. 6 dated November 16, 2020, PUC Distribution was to file responses to these interrogatories by January 11, 2021.

PUC Distribution has been actively working through the responses. Due to the novelty and complexity of some of the requests, PUC Distribution would like to request an extension to file its interrogatory responses by January 25, 2021.

The Sault Smart Grid project represents an innovative proposal to deliver considerable value to customers with no increase to total bill impacts. The additional time requested will help PUC Distribution compile and put the best information available forward to facilitate the OEB Commissioner's decision making process.

Sincerely,

A handwritten signature in black ink that reads "Tyler Kasubeck".
