Ontario Power Generation Inc. has applied to raise its payment amounts.

Learn more. Have your say.

Ontario Power Generation Inc. has applied to the Ontario Energy Board with a plan to increase the amount it charges for the output of its nuclear generating facilities in each of the five years beginning January 1, 2022 and ending on December 31, 2026. Ontario Power Generation Inc. has also applied to the Ontario Energy Board to maintain, with no change, the base payment amount it charges for the output of its regulated hydroelectric generating facilities for the period from January 1, 2022 to December 31, 2026 at the payment amount in effect on December 31, 2021. If the application is approved as filed, Ontario Power Generation Inc. has calculated that the monthly bill for a typical residential customer using 700 kWh of electricity per month would increase by the following amounts:

2022	2023	2024	2025	2026
\$1.04	\$0.26	\$0.27	\$0.26	\$0.23

Other customers, including businesses, will also be affected.

THE ONTARIO ENERGY BOARD WILL HOLD A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider Ontario Power Generation Inc.'s (OPG) application. During this hearing, which could be an oral, electronic or written hearing, we will question OPG on its case for a payment amount increase. We will also hear questions and arguments from individuals or groups that have registered to participate (called intervenors) in the OEB's hearing. At the end of this hearing, the OEB will decide what, if any, increase will be allowed.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.

BE INFORMED AND HAVE YOUR SAY

You have the right to information regarding this application and to be involved in the process.

- You can review OPG's application on the OEB's website now
- You can file a letter with your comments, which will be considered during the hearing
- You can become an intervenor. As an intervenor, you can ask questions about OPG's application and make arguments on whether the OEB should approve OPG's request. Apply by **February 2, 2021** or the hearing will go ahead without you and you will not receive any further notice of the proceeding
- At the end of the process, you can review the OEB's decision and its reasons on our website

LEARN MORE

Ontario Power Generation Inc. a déposé une requête en vue d'augmenter ses montants de paiement.

Renseignez-vous. Donnez votre avis.

Ontario Power Generation Inc. a déposé une requête auprès de la Commission de l'énergie de l'Ontario en vue d'augmenter le montant de ses tarifs de distribution d'énergie générée par ses installations de production d'énergie nucléaire à chacune des cinq années commençant le 1^{er} janvier 2021 et prenant fin le 31 décembre 2026. Ontario Power Generation Inc. a également déposé une requête auprès de la Commission de l'énergie de l'Ontario en vue de maintenir le montant de base qu'elle facture pour la production de la plupart de ses centrales hydroélectriques pour la période allant du 1^{er} janvier 2022 au 31 décembre 2021, au montant du paiement en vigueur au 31 décembre 2021. Si la requête est approuvée telle quelle, Ontario Power Generation Inc. a calculé que la facture mensuelle d'un consommateur résidentiel type consommant 700 kWh par mois augmenterait comme suit :

2022	2023	2024	2025	2026
1,04 \$	0,26 \$	0,27 \$	0,26 \$	0,23 \$

D'autres clients, notamment les entreprises, seront également touchés.

LA COMMISSION DE L'ÉNERGIE DE L'ONTARIO TIENDRA UNE AUDIENCE PUBLIQUE

La Commission de l'énergie de l'Ontario (CEO) tiendra une audience publique afin d'étudier la demande d'Ontario Power Generation Inc. (OPG). Durant cette audience, qui peut être une audience orale, écrite ou électronique, nous poserons des questions à OPG à propos de sa demande d'augmentation de tarifs. Nous entendrons également les questions et arguments des personnes ou groupes qui se sont inscrits pour participer (appelées « intervenants ») à l'audience de la CEO. À l'issue de cette audience, la CEO décidera du bien-fondé d'une augmentation et, le cas échéant, du montant de l'augmentation à venir.

La CEO est une agence publique indépendante et impartiale. Les décisions que nous prenons visent à servir au mieux l'intérêt public. Notre objectif est d'encourager le développement d'un secteur de l'énergie efficace et financièrement viable, afin d'offrir des services énergétiques fiables à un prix raisonnable.

Inscrivez-vous avant le **2 février 2021**, faute de quoi l'audience aura lieu sans votre participation et vous ne recevrez plus d'avis dans le cadre de la présente affaire.
