10. EARTH Power Corporation's 2019 distributor earnings were above the 300 basis points dead band. VECC seeks to review the contributors to EARTH Power Corporation's overearnings in the context of EARTH Power Corporation's request for an increase in base rates in 2021.

**INTERESTS OF THE INTEVENOR**

11. VECC is intervening in order to ensure that the interests of electricity consumer, particularly low-income consumers, are fully represented in the determination of just and reasonable rates.

**INTENTION TO SEEK COST AWARDS**

12. VECC will be requesting an award of costs for its participation in this proceeding and believes that, as a coalition representing the direct interests of consumers, it meets the eligibility criteria set out in the Ontario Energy Board's Rules of Practice and Procedure (Section 41) and its' Practice Direction on Cost Awards (Section 3.03).
13. VECC's members do not have access to the direct funding required to retain appropriate legal and consulting support for its intervention in OEB proceedings. Accordingly, VECC relies on PIAC to provide legal support and retain qualified consultants on the basis that PIAC can recover the related fees and disbursements from the Board based on the Board's Practice Direction on Cost Awards at the prevailing Cost Award Tariff.
