## LETTER OF COMMENT

### Comments:

This is regarding property at [REDACTED]. Presently, many months we use \$.01 in electricity and \$120.00 in delivery and debt reduction fees. How is it fair that we are now going to be requested to pay more? Obviously in the months that the cottage is being used we pay for the usage but I believe we are contributing to Hydro One's Mismanagement of decision making in the past, in the 6 months of no usage.
