Ms. Christine Long  
Registrar  
**Ontario Energy Board**  
2300 Yonge Street, 27<sup>th</sup> Floor  
Toronto, Ontario  
M4P 1E4

Dear Ms. Long:

**RE: Ontario Power Generation Inc. (OPG)  
2022-2026 Payment Amounts Application  
Ontario Energy Board File Number: EB-2020-0290**

**Intervention Request - Ontario Association of Physical Plant Administrators**

Jupiter Energy Advisors Inc. (Jupiter) has been retained by the Ontario Association of Physical Plant Administrators (OAPPA) to assist the association on matters related to the above-noted OPG application. Jupiter is submitting this letter of intervention on behalf of OAPPA.

OAPPA is requesting status as an intervenor in the EB-2020-0290 proceeding and provides the following information:

1. OAPPA is a not-for-profit organization whose membership includes the physical plant administrators for provincially-assisted universities in Ontario. OAPPA uses an estimated 1.1 TWh of electricity annually, as received through a variety of distributors and via the Independent Electricity System Operator. Approximately half of this electricity is supplied from OPG's regulated nuclear and hydroelectric generation facilities. As a result, OAPPA member universities have a direct interest in this proceeding. OAPPA wishes to participate in all aspects of the proceeding to ensure that any changes to OPG's payment amounts and riders are fair and reasonable and do not cause undue financial harm to OAPPA members.
2. OAPPA also seeks a determination that it is eligible for an award of costs. With respect to the cost eligibility criteria set out in section 3.03 of the Ontario Energy Board's Practice Direction on Cost Awards, in particular criterion (a), OAPPA represents the direct interests of certain ratepayers (institutional energy consumers) in relation to regulated services. Please note that in the past, OAPPA has been determined to be eligible for cost awards.

3. The information required by Section 3.03.1 of the Board's Practice Direction on Cost Awards is provided in the attachment to this letter.
4. OAPPA requests that all correspondence and documents be provided directly to Jupiter's consultant and representative for this proceeding:

Gia DeJulio, LLM, P. Eng., BASc  
c/o Jupiter Energy Advisors Inc.  
21 Four Seasons Place, Suite 101  
Toronto, Ontario  
M9B 6J8  
Telephone: 416-998-9999  
E-mail: giadejulio@gmail.com

OAPPA further requests that all correspondence and documents be directed to:

Valerie Young, BSC (Hon), BEd  
Director, Regulatory Affairs and Government Relations  
Jupiter Energy Advisors Inc.  
21 Four Seasons Place, Suite 101  
Toronto, Ontario

**ONTARIO ASSOCIATION OF PHYSICAL PLANT ADMINISTRATORS**  
**Information Required by Section 3.03.1 of the Practice Direction on Cost Awards**

The Ontario Association of Physical Plant Administrators (OAPPA) is a not-for-profit organization. Its membership includes the physical plant administrators for the following institutions:

Algoma University College  
Brock University  
Carleton University  
University of Guelph  
Lakehead University  
Laurentian University  
McMaster University  
Nipissing University  
Ontario College of Art and Design University  
University of Ottawa  
Queen's University

Ryerson University  
University of Toronto  
University of Toronto – Mississauga  
University of Toronto – Scarborough  
Trent University  
University of Ontario Institute of Technology  
University of Waterloo  
Western University  
Wilfred Laurier University  
University of Windsor  
York University

OAPPA's Mission Statement: To assist higher education facilities, officers and staff develop, maintain and promote high standards and professional ideals for the management of campus facilities.

The objective of OAPPA is to promote co-operation among physical plant administrators of the provincially-assisted universities of Ontario, and other groups, on matters relating to staff development and planning, construction, operation and maintenance of facilities. The OAPPA Energy Committee meets regularly to review and discuss provincial government reporting. The committee is also involved with the sector-wide benchmarking of energy performance, energy purchasing and hedging strategies, and market analysis.

OAPPA participates in Ontario Energy Board proceedings through its Energy Committee. Its participation focuses primarily on the rate and rate-related proceedings of its distributors and its regulated suppliers. The majority of OAPPA members are customers of Ontario's large- to medium-sized electricity utilities, but some are also direct customers of the Independent Electricity System Operator (IESO). From an operating perspective, the rate structures, rate levels, and terms and conditions of service of the utilities, the IESO and Ontario Power Generation are of direct and significant importance to OAPPA.

Consistent with the main objective of OAPPA, most interventions are conducted through the association rather than by individual members. Since issues are frequently of common interest, an OAPPA intervention provides the opportunity to address matters in a coordinated, efficient, and cost-effective way.

OAPPA is assisted in its interventions at the Ontario Energy Board by its external advisor, Jupiter Energy Advisors Inc. Jupiter performs a number of functions with respect to OAPPA's interventions: providing case management services, assisting OAPPA to understand the issues and identify those on which it will participate actively, advising on the formulation of positions, and representing OAPPA at the Board. The Chair of the OAPPA Energy Committee is Jupiter's primary contact, and the current Chair of this Committee is Mr. Nathan Splinter, Manager – Energy and Sustainability, Queen's University. The individuals who are Jupiter's representatives for a given OAPPA intervention are provided in its letter of intervention.
