ONTARIO ENERGY BOARD

**Hearst Power Distribution Company Ltd.
(Hearst Power)
2021 Rates Cost of Service Application**

**NOTICE OF INTERVENTION
OF THE
VULNERABLE ENERGY CONSUMERS COALITION**

To: Christine E. Long, Board Secretary and Registrar
And to: **Mr. Jessy Richard, General Manager, Hearst Power**

IDENTITY OF THE INTERVENOR AND ITS MEMBERSHIP

1. The Vulnerable Energy Consumers Coalition (VECC) hereby expresses its intention to intervene and participate in the above-mentioned proceeding. VECC consists of the following organizations:
 - (a) The Federation of Metro Tenants Association (FTMA)
 - (b) The Ontario Coalition of Senior Citizens' Organizations (OCSCO)

2. The Federation of the Metro Tenants Association (the "FTMA") is a non-profit corporation composed of over ninety-two affiliated tenants associations, individual tenants, housing organizations, and members of non-profit housing co-ops. In addition to encouraging the organization of tenants and the promotion of decent and affordable housing, the Federation provides general information, advice, and assistance to tenants. The address is:

500-27 Carlton Street
Toronto, ON
M5B 1L2

3. The Ontario Coalition of Senior Citizens' Organizations ("OCSCO") is a coalition of over 160 senior groups as well as individual members across Ontario. OCSCO represents the concerns of over 500,000 senior citizens through its group and individual members. OCSCO's mission is to improve the quality of life for Ontario's seniors. OCSCO's address is:

333 Wilson Avenue, Suite 406
Toronto, ON
M3H 1T2

4. The coalition of the FMTA and OCSCO under the name VECC has the specific mandate of

intervening in proceedings to advocate on behalf of the interests of Ontario's vulnerable consumers with respect to energy issues, primarily through intervention in regulatory proceedings at the Ontario Energy Board.

5. Although the organization is not itself a member of VECC, the Public Interest Advocacy Centre (PIAC) in Ottawa assists in the representation of the interests of vulnerable consumers by ensuring the availability of competent representation and consultant support to the VECC participation.
6. VECC is a frequent intervenor in Board proceedings. Our annual information filing can be found on the Board's website at:
http://ontarioenergyboard.ca/oeb_Documents/Intervenor_Filings/VECC_2014_annual_intervenor_filing20140605.pdf

9. To mitigate costs VECC requests only electronic copies of the materials. VECC may ask for paper copies of some or all of the materials if this becomes necessary at some future point. VECC requests electronic copies of the application and any additional supporting materials be sent to its representatives at their respective e-mail addresses.

GROUNDS FOR THE INTERVENTION

10. The interest of VECC is to keep electricity distribution rates at or below the rate of consumer inflation. Hearst Power is seeking to recover a revenue requirement for 2021 that is more than 16% higher than the last Board approved. This includes a 18% increase in operating costs as compared to the last approved amount in 2015. Hearst Power is also seeking a large increase (double the previous year) in its capital budget. The increases will result, if approved, in residential distribution bill impacts that could be as high a 19%.

INTERESTS OF THE INTERVENOR

11. VECC is intervening in order to ensure that the interests of electricity consumer, particularly low-income consumers, are fully represented in the delivery of electricity and the determination of just and reasonable rates for that service. VECC intends to scrutinize all aspects of the Applicant's proposal.

INTENTION TO SEEK COST AWARDS

12. VECC will be requesting an award of costs for its participation in this proceeding and believes that, as a coalition representing the direct interests of consumers, it meets the eligibility criteria set out in the Ontario Energy Board's Rules of Practice and Procedure (Section 41) and its' Practice Direction on Cost Awards (Section 3.03).
13. VECC's members do not have access to the direct funding required to retain appropriate legal and consulting support for its intervention in OEB proceedings. Accordingly, VECC relies on PIAC to provide legal support and retain qualified consultants on the basis that PIAC can recover the related fees and disbursements from the Board based on the Board's Practice Direction on Cost Awards at the prevailing Cost Award Tariff.
14. VECC recognizes this is a small utility and will endeavor to keep its costs as low as is possible.
