Good morning Joerg,

Please see attached updated IRM Rate Generator Model. OEB Staff has made the following updates to Tab 7 as per Fort Frances Power's response to OEB Staff-12 c):

- Disposition of LRAMVA balance allocated to the Street Lighting Customer Class over a two-year period
- Disposition of LRAMVA balance allocated to all other rate classes over a one-year period

Please confirm that Fort Frances Power accepts these updates.

Thanks,

Catherine Nguyen, Analyst, Natural Gas, Applications
