## **INTERIM DECISION AND ORDER**

**EB-2021-0068**

**LONDON HEALTH SCIENCES CENTRE INC.**

**Application for an Electricity Generator Licence**

**BY DELEGATION, BEFORE: Brian Hewson**  
Vice President  
Consumer Protection & Industry Performance

---

**February 11, 2021**

## INTERIM DECISION AND ORDER

London Health Sciences Centre Inc. filed an application on January 11, 2021, with the Ontario Energy Board (OEB) pursuant to section 60 of the *Ontario Energy Board Act* (OEB Act), for a renewal of its electricity generation licence EG-2000-0160.

The applicant has been previously licensed by the OEB, however neglected to renew its previous electricity generator licence and has been operating without a licence since October 23, 2020 contrary to Section 57(d) of the OEB Act, and may be subject to an OEB compliance action.

Considering the time required to process an application in accordance with the OEB's established practice and procedures, and considering the applicant's need to be licensed to continue with its electricity generator activities, the OEB finds it in the public interest to make a decision and order issuing an interim licence for EG-2000-0160, until such time as the renewal application is determined on a final basis or July 31, 2021, whichever is earlier.

The applicant is reminded that this Interim Decision and Order is without prejudice to the OEB's final decision on the application. Furthermore, the applicant is reminded that it carries the onus of filing an application in a timely manner considering the OEB's typical timelines for processing licence applications.

This Interim Decision and Order is being issued by the Delegated Authority without a hearing pursuant to section 6(4) of the OEB Act.

### **IT IS ORDERED THAT:**

The term of London Health Sciences Centre Inc.'s electricity generator licence EG-2000-0160 is extended until the issuance of a new licence or July 31, 2021, whichever is earlier. The conditions of the licence remain unchanged.

**DATED** at Toronto February 11, 2021
