QUESTIONS FOR OEB

1. Reference to your letter dated Feb 11, 2021 to estimate your bill does that include all the other charges that appear on our bills?
Eg. Global adjustment, Delivery charge, Regulatory Charge, and the Electricity Rebate.

If not, and these charges are extra, then my bill will be more than double what it was prior to removing the Seasonal rates.

2. What will the rate per KWH be?
3. Will the Time of Use Pricing still be used?
