Dear Ms. Long:

**EB-2021-____ - Imperial Oil Limited Waterdown to Finch Replacement Project -
Expropriation Application**

We are counsel to Imperial Oil Limited (“**Imperial**”) in the above noted matter. Please find enclosed the application and evidence filed by Imperial for an Order or Orders from the Ontario Energy Board (the “**Board**”) granting authority to expropriate land for the purpose of constructing and operating a hydrocarbon distribution pipeline and ancillary facilities to serve the Greater Toronto and Hamilton Area.

Imperial filed a previous application on July 23, 2020, to which the Board assigned file number EB-2020-0191 and which was placed in abeyance on August 7, 2020. Imperial wishes to formally withdraw this previous application.

Please feel free to contact our office should you have any questions.

Sincerely,

Patrick G. Welsh

c: Michael Millar, Ontario Energy Board

Isabelle Crew, Osler, Hoskin & Harcourt LLP

ONTARIO ENERGY BOARD

IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S.O. 1998 (the “**Act**”);

AND IN THE MATTER OF section 99(1) of the Act;

AND IN THE MATTER OF an application by Imperial Oil Limited for an Order or Orders granting authority to expropriate land for the purpose of constructing and operating a hydrocarbon distribution pipeline and ancillary facilities to serve the Greater Toronto and Hamilton Area.

EB-2021-_____

APPLICATION FOR EXPROPRIATION

February 23, 2021

I. OVERVIEW

1. The Applicant, Imperial Oil Limited (“**Imperial**”), obtained leave to construct approximately 63 kilometres of pipeline and associated infrastructure to transport refined fuel products from its facility in the City of Hamilton to its facility in the City of Toronto (the “**Project**”) from the Ontario Energy Board on March 12, 2020, with subsequent modifications to the Project route approved on December 17, 2020.
2. The Project will traverse 319 directly affected parcels representing 71 privately-owned lands and 248 agency-owned lands and will require a combination of new and existing easements, including permanent and temporary land rights. To date, Imperial has entered into 71 agreements with 95 landowners.
3. Despite Imperial’s ongoing efforts to reach voluntary settlements with all directly affected landowners, the schedule and in-service date for the Project requires that Imperial proceed with this application for authority to expropriate the remaining property interests.

II. BACKGROUND

4. Imperial is a body corporate duly formed pursuant to the laws of Canada having an office in the City of Calgary. Imperial is an integrated energy company that explores for, produces, refines and markets products essential to society. At every link in the energy chain, Imperial seeks to advance innovation and technology to deliver energy Canadians need—with a commitment to high standards. Imperial was founded in Ontario in 1880 and, after more than a century, Imperial continues to be part of the community and economy.
5. On February 25, 2019, Imperial applied to the Ontario Energy Board (the “**OEB**” or the “**Board**”) pursuant to sections 90 and 97 of the Act for an order granting leave to construct

the Project and an order approving the forms of land access agreements related to the construction of the Project (the “**Leave to Construct Application**”).¹

6. The Project is a proactive replacement of an important segment of Imperial’s Sarnia Products Pipeline (the “**SPPL**”). Operating safely for many decades, the SPPL is crucial infrastructure that provides refined fuel products (i.e., gasoline, diesel, and jet fuel) used by households and businesses across the Greater Toronto and Hamilton Area. To support continued safe, reliable, and environmentally responsible transportation of these products, the Project will replace the transportation capabilities of an existing SPPL segment between rural Hamilton and North York.
7. On March 12, 2020, the Board issued its Decision and Order granting leave to Imperial pursuant to section 90(1) of the Act to construct the Project and approving the proposed forms of land access agreements that Imperial had or would offer to each owner of land affected by the approved pipeline route for the Project (the “**Leave to Construct Decision**”).²
8. On June 30, 2020 Imperial filed a request (the “**Change Request**”) for an approval of three changes to the Project route as approved in the Leave to Construct Decision (the “**Original Route**”).³ The review of the Change Request was undertaken by an OEB staff member delegated authority by the OEB (the “**Delegated Authority**”), who, on August 19, 2020 concluded that two of the proposed changes were not material and approved those changes, but that the third change (the “**Realignment**”) appeared to be a material change and that the Delegated Authority, therefore, did not have the authority to approve the Realignment.⁴

¹ EB-2019-0007, [Application and Evidence of Imperial Oil Limited for Leave to Construct](#) (29 May 2019) [LTC Application].

² EB-2019-0007, [Decision and Order](#) (12 March 2020) at p. 31.

³ EB-2019-0007, [Notification of Updates to Project Routing](#), dated June 30, 2020.

⁴ EB-2019-0007, [Request for Changes of Project Routing Decision](#), dated August 19, 2020 at pp 5, 9, 11.

9. On September 2, 2020 the OEB commenced a proceeding for a motion to review and vary the Leave to Construct Decision, specifically to vary the Original Route to reflect the Realignment.⁵
10. On December 17, 2020, the Board issued a Decision and Order approving the Realignment on the same terms and conditions contained in the Leave to Construct Decision (the “**Realignment Decision**”).⁶
11. Imperial hereby applies to the Board pursuant to section 99 of the Act for an order or orders granting authority to expropriate certain interests in land, as more particularly described herein. Imperial requires authority to expropriate such interests in land in order to construct and operate the Project as approved by the OEB in the Leave to Construct Decision and the Realignment Decision.

III. LAND RIGHTS

12. The Project will traverse 319 directly affected parcels representing 71 privately-owned lands and 248 agency-owned lands and will require a combination of new and existing easements, including permanent and temporary land rights. The pipeline and associated infrastructure is located in the City of Hamilton, the City of Burlington, the Town of Milton, the Town of Oakville, the City of Mississauga, and the City of Toronto.
13. Imperial’s preferred approach to acquiring land rights for the Project has been through negotiation of mutually acceptable agreements with landowners. Imperial’s agents have been working in the area of the Project since Summer 2018. Since February 2019, Imperial and its agents have been working directly with the affected landowners to obtain land rights for a limited number of additional easements as well as temporary workspace agreements for the purposes of the Project.

⁵ EB-2020-0219, [Notice and Procedural Order No. 1](#), dated September 2, 2020.

⁶ EB-2020-0219, [Decision and Order](#), dated December 17, 2020.

14. To date, Imperial has entered into 71 agreements with 95 landowners. Land acquisition has been executed in an open and respectful manner, with a commitment to timely, meaningful, and transparent dialogue.
15. All landowners have been presented with the appropriate land access agreements in the form approved by the OEB in the Leave to Construct Decision. Landowners have also been provided with proposed compensation amounts and individual ownership plans showing the areas of the proposed taking. Imperial and its agents have met with landowners, and tenants as applicable, on site to review requirements.
16. To support and facilitate timely resolution of negotiations and fair settlements with landowners, Imperial established and applied a set of consistent compensation principles. The calculated compensation amount is based upon the Fair Market Value for each property, as calculated by external appraisers. In addition to the standard compensation principles, parcel-specific damages were also contemplated and negotiated on a case-by-case basis.
17. Communication between Imperial representatives and landowners has been ongoing, with Imperial and its agents reaching out to landowners with whom negotiations have not been finalized on a week-to-week basis. Each such landowner has been notified of this application and has been assigned a dedicated land agent who is and will be continuing negotiations throughout the application process.
18. Despite Imperial's ongoing efforts to reach voluntary settlements with all directly affected landowners, the schedule and in-service date for the Project as approved by the OEB in the Leave to Construct Decision requires that Imperial proceed with this application for authority to expropriate the remaining property interests.
19. The property interests that Imperial seeks authority to expropriate for the Project are as follows:

- (a) **New Permanent Easements:** The Project will use a portion of the existing easement to minimize the total new permanent easements required. New permanent easements are required in addition to the existing easement in certain locations on fee simple lands. The new permanent easements needed are generally 0.3 m to 10 m wide. Variations in the width may occur due to location of existing lines within the existing easement and as required by engineering standards for separation between pipelines. Owners of land over which new permanent easements are required have been presented the Grant of Easement Agreement as approved by the OEB in the Leave to Construct Decision.⁷
- (b) **Temporary Workspaces:** Temporary workspaces (“TWS”) are required adjacent to the new and existing easements and will be used to store material, string and weld segments of pipe and as workspace to install the pipeline. Trenchless drilling rigs will also be set up within the TWS. The TWS are adjacent to the new and existing easements and are typically 10 m wide (depending on the location). Owners of land over which TWS are required have been presented the Temporary Workspace Lease Agreement as approved by the OEB in the Leave to Construct Decision.⁸
20. The authority to expropriate requested in this application is in the public interest as it is required to allow Imperial to construct and operate the Project to support continued safe, reliable, and environmentally responsible transportation of products between Imperial’s Waterdown Station to Finch Terminal of the SPPL for decades to come. Imperial has taken reasonable steps to minimize the impact of the proposed expropriations on the subject properties and has taken appropriate steps to minimize the disruption to landowners and

⁷ EB-2019-0007, [Argument in Chief](#) (10 January 2020), Appendix B, pp. 33–45.

⁸ EB-2019-0007, [Argument in Chief](#) (10 January 2020), Appendix B, pp. 46–62.

interest holders by requesting property interests that are no larger and no more extensive than necessary.

21. The following Appendixes attached to this application describe the Project, as well as the land interests that are proposed to be expropriated:
 - (a) a map of the entire project route is provided in Appendix “A”;
 - (b) a general description of the rights sought by Imperial for the New Permanent Easements is provided in Appendix “B”; and
 - (c) a general description of the rights sought by Imperial for Temporary Workspaces is provided in Appendix “C”.
22. Imperial seeks authority to expropriate a total of 4 parcels of land representing 4 landowners. At Appendices **D-1** to **D-4** of this application, Imperial has provided specific information and documents relating to each of the parcels of land that are subject to this application. Specifically, Appendices D-1 to D-4 set out the following information and documents for each parcel:
 - (a) the name and address of the owner(s) of the parcel of land (with personal information redacted in accordance with the Board’s policies);
 - (b) the names, addresses and interests held by any other person(s) with apparent interests in the particular parcel of land (with personal information redacted in accordance with the Board’s policies);
 - (c) the nature of the property interest that Imperial seeks to expropriate (new permanent easement and/or TWS);
 - (d) the legal description of the parcel in respect of which Imperial seeks authority to expropriate; and

- (e) reference plans to be filed in the applicable land registry office following OEB approval and endorsement of the final expropriation plans.
23. Imperial is engaged in ongoing negotiations with landowners. In the event that successful negotiations with landowners result in additional agreements, Imperial will update Appendix D to reflect the reduced number of lands in respect of which authority to expropriate is needed.

III. ORDER REQUESTED

24. Imperial therefore respectfully requests that the Board make the following orders:
- (a) an order granting the authority to expropriate interests in land, the particulars of which are provided in Appendices D-1 to D-4 of the application, subject to any revision to these Appendices that may be provided by Imperial if it reaches additional agreements with landowners;
 - (b) such further and other orders as are needed for the notice, conducting and consideration of this application; and
 - (c) such further or other interim or final orders as Imperial may request and the Board may deem appropriate to allow Imperial to construct, operate and maintain the Project in the public interest.
25. Imperial has made every effort to obtain the land rights required for commencement of construction via landowner negotiation prior to seeking authority to expropriation by way of this application and will continue to engage in landowner negotiations in order to obtain the land rights required.
26. However, Imperial understands that such negotiations may not be successful, and as such requests a decision from the Board on this application at its earliest opportunity and no later than **June 1, 2021** so as to reduce any further delay to the completion of the Project.

IV. CONTACT INFORMATION

27. Imperial requests that a copy of all documents filed with or issued by the Board in connection with this application be served on its counsel, as follows:

The Applicant: Imperial Oil Limited

DESCRIPTION OF RIGHTS SOUGHT – NEW PERMANENT EASEMENTS

In respect of the lands and premises legally described in Appendices D-1, D-2, D-3, D-4, D-5, D-6 and D-8 (the “**Lands**”), the rights sought for the new permanent easements are:

- a) the exclusive right, licence, liberty, privilege, easement and right-of-way on, over, upon, across, along, in, under and through the Lands (“**Easement**”), together with the right, licence, privilege and easement of ingress and egress over the remainder of the Lands, to and from the Easement, to sample soil, survey lands and to lay down, construct, operate, maintain, inspect, patrol (including aerial patrol), alter, relocate, remove, replace, reconstruct and repair one or more line(s) of pipe together with all facilities, appurtenances or works of Imperial and its and its directors, officers, agents, employees, contractors, subcontractors and invitees (the “**Transferees**”) useful in connection with or incidental to the Project, including, but without limiting the generality of the foregoing, all such pipes, drips, valves, fittings, connections, meters, markers, corrosion control equipment, cathodic protection equipment and other equipment and appurtenances, whether or not similar to the foregoing, as may be useful or convenient in connection therewith or incidental thereto for the carriage, transmission, conveyance, transportation and handling of oil, diluent, refined products, natural and artificial gas and other gaseous or liquid hydrocarbons and any product or by-product thereof;
- b) the full and free right, licence, liberty, privilege and easement of ingress and egress at any and all times over, along, across and upon the Easement;
- c) the right at any time and from time to time to remove any boulder or rock and to sever, fell, remove or control the growth of any roots, trees, stumps, brush or other vegetation in, on, above, or under the Lands;
- d) the right for the Transferees to exercise such rights as described above on foot and/or with vehicles, together with materials, machinery and equipment for all purposes useful or convenient in connection with or incidental to the exercise and enjoyment of the rights described above; and
- e) the owner of the Lands shall not excavate, construct, drill, install, erect or permit to be excavated, constructed, drilled, installed or erected on, over or under any part of the Easement any pipe, pit, well, foundation, building or other structure, installation or improvement, or do or permit to be done any mining, quarrying, land levelling, landscaping or other work or activity of any like or similar nature on, in or under the Easement; alter the grade of the Easement; add any paving or other material to the Easement; use the Easement for any other purpose which could compromise the integrity of the Pipeline; or

- f) take any action which restricts or limits the exercise by the Transferees of any of the rights described above.

DESCRIPTION OF RIGHTS SOUGHT – TEMPORARY WORKSPACES

In respect of the lands and premises legally described in Appendices D-2 and D-3 (the “**Lands**”), the rights sought for the temporary workspaces are:

- a) a rental hereinafter set forth, to Imperial all and singular those parts or portions of the Lands, to be held by Imperial as tenant for the term of five (5) years (the “**Term**”) for the purpose of providing a temporary workspace to Imperial, its employees, agents and contractors, with respect to the Project, including the right to enter and use the Lands with vehicles, materials, machinery, supplies and equipment, together with the right of ingress and egress over the remainder of the Lands to and from the Lands, and to sample soil, survey lands and to lay down, construct, maintain, inspect, alter, remove, replace, reconstruct and repair one or more line(s) of pipe within an easement, together with the right at any time and from time to time during the Term to remove any boulder or rock and to sever, fell, remove or control the growth of any roots, trees, stumps, brush or other vegetation in, on, above, or under the Lands, and the right to remove buildings or other improvements from the Lands and to install temporary gates and fences and stockpiling of construction spoil, materials and equipment as required by Imperial. During the Term, the landowner shall not use the Lands for any purpose that would interfere with or detrimentally affect Imperial’s use of the Lands;
- b) the right to peaceably possess and enjoy the Lands and the rights described herein without any interruption or disturbance from or by the landowner or any other persons claiming by, through or under the landowner; and
- c) the right to remove or cause to be removed from the Lands all buildings, structures, fixtures, casing in wells, pipelines, material and equipment of whatsoever nature or kind, which Imperial may have placed on or in the Lands or on or in any area to be surrendered.

CERTIFICATE OF APPROVAL
THE ONTARIO ENERGY BOARD HEREBY CERTIFIES THAT APPROVAL WAS GIVEN TO
IMPERIAL OIL LIMITED ON THE _____ DAY OF _____, 20____,
TO EXPROPRIATE THE LANDS SHOWN DESIGNATED AS PARTS 1 AND 2 ON THIS PLAN.

CHRISTINE E. LONG
REGISTRAR AND BOARD SECRETARY, THE ONTARIO ENERGY BOARD
DATED AT _____ THIS _____ DAY OF _____, 20____.

EXPROPRIATION CERTIFICATE
Imperial Oil Limited under and by virtue of the Ontario Energy Board Act, 1998, S.O. 1998, Chapter 15, Schedule B, and in accordance with the Expropriations Act, R.S.O. 1990 (pursuant to Order of the Ontario Energy Board No. EB-____ dated _____, 20____) hereby takes and expropriates the following:
Firstly, a permanent easement over Part 1 in perpetuity in favour of Imperial Oil Limited;
a) The exclusive right, licence, liberty, privilege, easement and right-of-way on, over, upon, across, along, in, under and through the lands ("Easement"), together with the right, licence, privilege and easement of ingress and egress over the remainder of the lands, to and from the easement, to sample soil, survey lands and to lay down, construct, operate, maintain, inspect, patrol (including aerial patrol), alter, relocate, remove, replace, reconstruct and repair one or more line(s) of pipe together with all facilities, appurtenances, or works of Imperial Oil Limited and its directors, officers, agents, employees, contractors, subcontractors, and invitees (the "Transferees") useful in connection with or incidental to the project, including but without limiting the generality of the foregoing, all such pipes, drips, valves, fittings, connections, meters, markers, corrosion control equipment, cathodic protection equipment and other equipment and appurtenances, whether or not similar to the foregoing, as may be useful or convenient in connection therewith or incidental thereto for the carriage, transmission, conveyance, transportation and handling of oil, diluent, refined products, natural and artificial gas and other gaseous or liquid hydrocarbons and any product or by-product thereof; b) the full and free right, licence, liberty, privilege and easement of ingress and egress at any and all times over, along, across and upon the Easement; c) the right at any time and from time to time to remove any boulder or rock and to sever, fell, remove, or control the growth of any roots, trees, stumps, brush or other vegetation in, on, above, or under the lands; d) the right for the Transferees to exercise such rights as described above on foot and/or with vehicles, together with materials, machinery and equipment for all purposes useful or convenient in connection with or incidental to the exercise and enjoyment of the rights described above; and e) the owner of the lands shall not excavate, construct, drill, install, erect or permit to be excavated, constructed, drilled, installed or erected on, over or under any part of the Easement any pipe, pit, well, foundation, building or other structure, installation or improvement, or do or permit to be done any mining, quarrying, land levelling, landscaping or other work or activity of any like or similar nature on, in, or under the Easement; alter the grade of the Easement; add any paving or other material to the Easement; use the Easement for any other purpose which could compromise the integrity of the pipeline; or take any action which restricts or limits the exercise by the Transferees of any of the rights described above.
Secondly, a temporary workspace over Part 2 for a period starting _____, 202____, to _____, 202____ (five years) in favour of Imperial Oil Limited:
a) a rental hereinafter set forth, to Imperial Oil Limited all and singular those parts or portions of the lands, to be held by Imperial Oil Limited as tenant for the term of five (5) years (the "term") for the purpose of providing a temporary workspace to Imperial Oil Limited, its employees, agents and contractors, with respect to the project, including the right to enter and use the land with vehicles, materials, machinery, supplies and equipment, together with the right of ingress and egress over the remainder of the lands to and from the lands, and to sample soil, survey lands and to lay down, construct, maintain, inspect, alter, remove, replace, reconstruct and repair one or more line(s) of pipe within an easement, together with the right at any time and from time to time during the term to remove any boulder or rock and to sever, fell, remove or control the growth of any roots, trees, stumps, brush or other vegetation in, on, above, or under the lands, and the right to remove buildings or other improvements from the lands and to install temporary gates and fences and stockpiling of construction spoil, materials and equipment as required by Imperial Oil Limited. During the term, the landowner shall not use the lands for any purpose that would interfere with or detrimentally affect Imperial Oil Limited's use of the land; b) the right to peaceably possess and enjoy the land and the rights described herein without any interruption or disturbance from or by the landowner or any other persons claiming by, through or under the landowner; and c) the right to remove or cause to be removed from the lands all buildings, structures, fixtures, casing in wells, pipelines, material and equipment of whatsoever nature or kind, which Imperial Oil Limited may have placed on or in the lands or on or in any area to be surrendered.
