Subject: FW: Consultation on Energy Issues Relating to Low Income Consumers - Board File # EB-2008-0150

Hello Batul. This notice was sent to me by a consultant by chance. My organization represent landlords across Ontario who house 1.3 million households, a great many of which are low income.

My organization would like to get on your list of notices of consultation, etc., so that we can participate in these issues in the future. Is there anything you can to ensure that we get notified in the future?

Thank you. V.

The Board is initiating a consultation process to examine issues associated with low income energy consumers in relation to their use of natural gas and electricity. This consultation is intended to assist the Board in gaining a better understanding of those issues and in considering the need for and nature of policies or measures that could address those issues. Please see attached letter for further details.
