I have a cottage at [REDACTED] . It is classed as seasonal . I do not use it as a permanent place. I live in Toronto . This is not my Mailing address. I received a letter saying you want to change to a different rate class. This is still my seasonal place. I know people are moving into these places and making them their homes . If their mailing at their residence were there living then their rate should be changed. You say it is to make it all equal in charges. Well I don't think a person living there permanently and me using my place as seasonal should be changed the same rate. I have used a little more electricity this year due to COVID and I have been working on my place. I repeat it is still a seasonal cottage Yours truly Douglas Johns . This complaint is regarding EB2020-0246 thank you
