Re: Board File No. EB-2021-0024 – 2021 Incentive Regulation Mechanism Application
Greater Sudbury Hydro Inc. – Licence No. ED-2002-0559

Dear Ms. Long:

Please find enclosed an updated Rate Generator Model and COVID-19 Foregone Revenue Rate Rider Model for Greater Sudbury Hydro Inc.'s (GSHI) application for distribution rates effective May 1, 2021 under the Fourth Generation Incentive Regulation Mechanism ("IRM4").

The COVID-19 Foregone Revenue Rate Rider Model was updated by Board Staff to reflect GSHI's situation and has also been updated by GSHI to reflect actual consumption to the end of October 2020 which was not known at the time of the initial filing as well as an error in the consumption included for the GS<50 class. This has resulted in updated rate riders which have been reflected in GSHI's rate generator model.

A copy of these updated models have also been provided to GSHI's case manager.

Should you have any questions or require further information, please contact the undersigned.

Sincerely,
