Re camp on Thunder Lake
[REDACTED]

I only use camp for a few hours a day on sunny warm days June, July and August . I have paid your seasonal rate for decades even though I only use electricity to vacuum a few times during this summer period. I have faithfully paid your delivery charge even though my bills always stateOkWh.

1 hour of vacuuming throughout the summer now costs us about \$ 500 a yr which is already ridiculous . Changing our status would be unacceptable to us .
