Dear Ms. Long,

**RE: EB-2020-0026 Halton Hills Hydro Inc. 2021 Rates Application
Energy Probe Submission on the Unsettled Issue**

By Procedural Order No.6, the OEB invited parties to the EB-2020-0026 proceeding, the application by Halton Hills Hydro Inc. for approval of its 2021 rates to make submission on the unsettled issue by March 4, 2021. That issue relates to the appropriate costs associated with the OEB-approved Incremental Capital Funding for the new transformer station to be included in Halton Hills Hydro's 2021 opening rate base.

School Energy Coalition kindly shared with Energy Probe a draft of its submission on the unsettled issue. Energy Probe agrees with the submission of School Energy Coalition and in the interest of avoiding additional regulatory costs Energy Probe decided not to prepare a submission on the unsettled issue.

Respectfully submitted on behalf of Energy Probe.
