Dear Sir:

[REDACTED]

I am in receipt of a notice from OEB regarding the OEB hearing to consider next steps in eliminating Hydro One seasonal rate class and at this time I would like to lodge a complaint.

We are seniors (82 years of age, on fixed income) who own a summer camp – being Northern Ontario we only get to enjoy this camp approximately 5 months of the year. When we close up for the winter, we winterize the camp and the Hydro that is connected to the camp is NOT used, though we still are billed presently 45.00/winter months.

If my deciphering of the information provided is correct....my summer month rate will be around the \$114.00/month????? It is extremely difficult to be able to figure out the chart included and I am sure I am not alone in that.

I want to protest this upcoming change to the way Hydro rates will be charged for Seasonal Class and am sure that there are a lot of seasonal residents who feel the same way.

If, in the near future the OEB decides to hold oral hearings, I would hope that they would be held in various locations. Please let me know and I will definitely try to attend, along with a number of other seasonal residents in the area.

I look forward to your response

Yours truly

John & Carol Emmans
