I own a seasonal property at the above address. I noticed Hydro One wants to increase hydro rates. I am not happy having to pay more for hydro. I am retired and am on a fixed pension. It will be more difficult to pay higher rates for hydro. Right now Hydro One is charging me a monthly fee for not even using hydro during the winter season while the property is closed. This makes no sense. I do not understand why you want to increase rates. It sounds like a money grab. If I were you I would NOT increasing rates.
