Re: File number EB-2020-0246

Dear Sir or Madam,

I am in receipt of your letter dated February 16, 2021 regarding Hydro One Networks steps in eliminating the Seasonal Rate Class.

According to the information in the letter, I will potentially be moving into the residential medium density (R1) class.

Based on the numbers presented and my average monthly kWh usage, it appears that I will be saving money by moving to the Medium Density (R1) Class. For this reason, I have no objections to the change.

Sincerely,
