Dear Ms. Long:

**Re: EB-2020-0181 – Enbridge Gas Inc. – 2021 ICM Application**

Enclosed please find the final submissions of Environmental Defence in the above matter.

Due to circumstances beyond my control, we were unable to provide these submissions by the end of day on Friday. However, this will presumably not cause any prejudice as they are being provided on Sunday to ensure that Enbridge has a copy as of Monday morning. We therefore request that the submissions be accepted and considered by the OEB.

Yours truly,
