Hello,

I'd like to express my concerns over the proposed rate change for my property. From what I understand, the proposed change would double my hydro costs on an annual basis for a property I can only use for 4-5 months per year. I'm already paying a monthly fee even when the hydro is completely turned off.

My ask is for a gradual increase (ramp up) rather than a large overnight change.

My property is [REDACTED].

Thank you!

Simon Miller
