We have 3 properties with Hydro One accounts. A principal residence in York Region (acc [REDACTED]), a vacant lot using no hydro in Muskoka (acc [REDACTED]), and a cottage in Muskoka (acc [REDACTED]) used on weekends in July and August. There should not be a rate increase on the 2 Muskoka properties since obviously we do not reside there, and if anything a decrease on the vacant lot or both Muskoka properties. For more information on specifics please advise. Please respond to this request by email. Thank you.
