Subject: Hydro One Networks Inc.'s Seasonal Rate Class (EB-2020-0246)

To whom it may concern.

I am a seasonal cottage owner at [REDACTED]

[REDACTED].

I am writing this letter to protest the proposed rate increase for seasonal residence customers!

Many of us in the area pay a huge delivery fee at present while we are not there.

My last bill was 129. dollars for delivery and I am not there. We have been subsidizing the high density users for many years!

If Hydro One and the Ontario Energy want to be equitable for all customers regardless of how much electricity

they use, the delivery fee must be the same as city or rural rate like they pay in Pembroke or Barry's Bay.

Our delivery charge must be lowered!
