Subject: Fw: ELIMINATION OF THE SEASONAL RATE CLASS .

I am forwarding an email I sent earlier today which did not go through . Please confirm receipt of this email .
Thanks - Vaughan McLeod .

Subject: ELIMINATION OF THE SEASONAL RATE CLASS .

We are writing as a follow up to the Hydro 1 notice that was enclosed with our recent Hydro 1 billing . This notice said that the OEB is considering the elimination of the Hydro 1 Seasonal Rate Class which applies to thousands of their customers .

We have calculated that our bills will increase by about 110% if this proposal is approved .

We have been hydro customers for decades and do not want the Seasonal Rate Class eliminated .

Note - We do pay monthly hydro delivery fees for 12 months during the year including the 7 months we do not go to the lake .

We see this as a cash grab for Hydro 1 to increase their revenues .

The proposed change is unfair to long-time customers and we strongly oppose this request to elimination the Seasonal Rate Class .

We also find the March 15 . 2021 deadline very short as we just received our billing a few days ago .

Thank-you :

Vaughan and Valerie McLeod
