I act as legal counsel for the City of Mississauga. Please accept this letter of intervention on behalf of my client confirming its intention to acquire intervenor status in the above reference application.

In accordance with Section 22.03 of the Rules of Practice and Procedure before the Ontario Energy Board, the undersigned wishes to confirm the following:

- (b) My client is not a frequent intervenor;
- (c) It is the intent of the intervenor, as the registered owner of the lands over which the applicant seeks to expropriate an easement interest, to review the evidence filed and determine if the expropriation is fair, sound and reasonable in the circumstances;
- (d) The intervenor is hereby requesting a copy of all the written evidence filed in the matter;
- (e) The intervenor takes the position that an award of costs for its participation in this matter is just and in conformity with the law of expropriations which requires the expropriated party to be made whole not only with regard to fair market value for the expropriated interest, but also for the reasonable costs incurred in responding to the expropriation;
