Application for an Agent only Electricity Retailer Licence

BY DELEGATION, BEFORE: Brian Hewson

April 6, 2021

INTERIM DECISION AND ORDER

Energy Profiles Limited filed an application on March 23, 2021, with the Ontario Energy Board (OEB) pursuant to section 60 of the *Ontario Energy Board Act* (OEB Act), for a renewal of its agent only electricity retailer licence.

The licence that is a subject of this renewal application was issued to the applicant on March 24, 2016 and remained in force until March 23, 2021. The licence provides that the term may be extended by the OEB.

As per section 57 (d) of the OEB Act, no person can retail electricity unless licensed to do so. Considering the time required to process an application in accordance with the OEB's established practice and procedures, and considering that Energy Profiles Limited is currently engaged in electricity retailing activities in Ontario, it is reasonable to issue an interim order to extend the term of the electricity retailer licence ER-2016-0031, pending the final disposition of the matter. This Decision and Order does not constitute a final decision on the application.

The applicant is reminded that it carries the onus of filing an application in a timely manner considering the OEB's typical timelines for processing licence applications. This licence is granted without prejudice with regard to any future compliance actions.

IT IS ORDERED THAT:

The term of licence ER-2016-0031 is extended to June 30, 2021, or the date of a final determination of the electricity retailer licence application, whichever is earlier. All other conditions of licence ER-2016-0031 remain unchanged.
