Hello.

I am a Hydro One customer in what's designted as a Seasonal area for service. I understand the Seasonal Rate is going to be replaced by a much higher rate.

I am very upset that Hydro One is sending Marketing materials encouraging me to eliminate propane and switch exclusively to Hydro - claiming that Hydro is less expensive when all the while the Seasonal rate class is going to be eliminated.

I feel they are taking advantage of vulnerable people and misleading them. Here is a link to the e-mail I just received.
