Dear Ontario Energy Board:

I appreciate the availability of hydro at my Summer place. The cost of using a monthly average of 1.56 kWh electricity is cause for concern. The penalties to go off grid and then return at a future date, when my circumstances have changed, are punitive. For example, upgrade wiring? in cottage to current standard (upgrade not necessary if I stay on grid); retroactively pay "missed" billings, etc.

Thank you for your consideratio.

Sincerely,

Douglas R. Dixon (Doug Dixon)
