Re: [REDACTED]

Thank you for the letter regarding Seasonal Rate Class (EB-2020-0246) changes.

I do not agree with your eliminations;

Have you considered ?

- *property is water accessible only
- *limited usage of (6 months) only
- *summer usage only on weekends
- *require boat to travel to cottage (8) km—no road access
- * Hydro polls installed 1961 -62 paying \$20.00 since then 60 years plus for that
- *installation paid by Ontario people
- *what is the cost to shut down & restart in spring time?
- *how will it benefit us?
- *you are charging hydro service even when we do not use it, this is a rip off and
- *you know it.....
- *what other options are there.

Waiting for your positive reply.

Regards
