To Whom It May Concern:

I have received a NOTICE (dated Feb. 22, 2021) which states that changes might be in the process for rating “seasonal” customers of Hydro One. It also seems to say that I might not get any further information unless I register to participate????

Hopefully this letter will entitle me to future information.

My situation has been a puzzle ever since we acquired electricity for the cottage approx. 25 years ago.

My most recent el. bill: \$200.09 which states it covers the period of Nov.10 - Dec.31, 2020. The cottage was closed Nov.20 and the power was turned off about a week later. Apparently the “Delivery” cost was \$181.00?????

I feel we have over paid, for whatever reason, for now 25 years. Previous bill: Aug. 12-Nov.10 : \$418.24 = El. \$213.84 “Delivery”: \$293.76. Who am I subsidizing?

Sincerely,

Christina McCarthy
