Dear Mr. Zebrowski:

**Re: Distribution System Plan  
OEB File No. EB-2018-0236**

This letter is to acknowledge that on April 1, 2021 the OEB received a consolidated Distribution System Plan (DSP) from Elexicon Energy within 24 months of the closing date of the amalgamation of Veridian Connections Inc. and Whitby Hydro Electric Corp.

The OEB understands that Elexicon Energy is planning to file a rate application including an Incremental Capital Module (ICM) application for 2022 rates, and that the consolidated DSP includes the projects that will be the subject of that ICM. The OEB considers the consolidated DSP to be a supporting document to **the** ICM application and will defer reviewing the consolidated DSP until the pending ICM application is filed.

Yours truly,
