Dear Ms. Long:

Re: EB-2020-0290 Ontario Power Generation Payment Amounts Application

Pursuant to Procedural Order #1, the focus areas and time estimates for Environmental Defence for the technical conference are as follows:

- SBG Study (Exhibit A1-11-1, Attachment 1) & SBG Variance Account (Exhibit H1, Tab 1, Schedule 1, Page 11) – 90 minutes
- Pickering GS Costs, with a focus on extended operations – 90 minutes
- SMR Costs & NDVA – 60 minutes
- OPG Climate Plan – 15 minutes

We continue to review the evidence and will advise Board Staff if we seek to make any adjustments to the above estimates.

Yours truly,

Kent Elson
