Decision and Order

Stelco Inc. filed an application on February 16, 2021 with the Ontario Energy Board (OEB), under section 74 of the *Ontario Energy Board Act, 1998* (OEB Act) to amend its electricity generation licence EG-2005-0509.

This Decision and Order is being issued by the Delegated Authority pursuant to section 6(4) of the OEB Act. The Delegated Authority has considered the application without holding a hearing pursuant to section 6(4) of the OEB Act.

Stelco Inc. is seeking a name change and amendment to Schedule 1 to its licence EG-2005-0509 to reflect a reorganization of the company that was previously named U.S. Steel Canada Inc. The applicant stated that the name change and changes to Schedule 1 reflect the amendment request. There are no other changes to the licence apart from the name change and Schedule 1. The applicant notified the OEB that a company name change occurred on June 30, 2017 from U.S. Steel Canada Inc. to Stelco Inc. The applicant filed a Certificate and Article of Amendment in support of its name change request. The applicant is reminded that it carries the onus of filing an application in a timely manner considering its licence obligations.

After considering the application, the OEB finds that it is in the public interest to approve the amendment of the name and Schedule 1 of the electricity generation licence EG-2005-0509 and issue the amended electricity generation licence to Stelco Inc. The application for the amendment is approved and Schedule 1 of the electricity generation EG-2005-0509 licence will be amended.

IT IS ORDERED THAT:

1. The name on the electricity generation licence EG-2005-0509 is amended to be Stelco Inc. The amended licence is attached to this Decision and Order.
