SENT VIA EMAIL

Ontario Energy Board
P.O. Box 2319
2300 Yonge Street, 27th Floor
Toronto, ON M4P 1E4
Attention: Registrar

Dear Ms. Long:

**Re: Enbridge Gas Inc.
2020 and 2021 Federal Carbon Pricing Program Applications (the FCPP
Applications)
OEB File Nos.: EB-2019-0247 and EB-2020-0212**

We are counsel to CHIEFS OF ONTARIO (COO) in this step of the FCPP Applications and are in receipt of the Board's request for further communications pursuant to Procedural Order No. 3. COO confirms that it expects the Board to adjudicate the Deferred Issues in accordance with its interim decision on the 2020 FCPP Application in EB-2019-0247.

The issue of applicability of the regulatory charges under the *Greenhouse Gas Pollution Pricing Act (GGPPA)* to First Nation on-reserve customers and related issues, is something that COO intends to file submissions on.

This letter was not able to be approved until after the deadline of 4:45 pm on May 3. The Covid 19 pandemic has caused communications and work backlogs that have made it difficult to meet tight timelines. As a result, we hope and expect the OEB to accept this letter at this time. Please advise if we are incorrect.

We look forward to the scheduling of next steps.

Sincerely,
OLTHUIS, KLEER, TOWNSHEND LLP
