Dear Mr. Faught:

**Re: PUC Distribution Inc.
Application for Rates
OEB File Number EB-2020-0051**

The Ontario Energy Board (OEB) issued a Decision and Rate Order in the above-noted proceeding on March 25, 2021. This Decision and Rate Order was accompanied by a Tariff of Rates and Charges (Schedule A).

On May 4, 2021 PUC Distribution Inc. contacted the OEB and noted that there is an error in the Tariff of Rates and Charges (Schedule A). PUC Distribution Inc. noted that for the GS < 50 kW rate class, the "Rate Rider for Recovery of COVID-19 Forgone Revenue from Postponing Rate Implementation – effective from November 1, 2020 and effective until October 31, 2022" should be \$0.14 and not \$0.15.

Pursuant to Rule 41.02 of the OEB's *Rules of Practice and Procedure*, the OEB may at any time, without notice or a hearing of any kind, correct a typographical error, error of calculation or similar error made in its orders or decisions. The OEB considers this to be a typographical error.

Today, the OEB is reissuing the Decision and Rate Order with the error corrected. The correction can be found on page 2 the Tariff of Rates and Charges (Schedule A).

The corrected version of the Tariff of Rates and Charges is attached and supersedes the version attached as Schedule A to the Decision and Rate Order, as originally issued. The Decision and Rate Order, as originally issued, is not otherwise changed in any way.

Yours truly,
