Dear Mr. Friedland,

**Re: Application for Electricity Generator Licence  
Standard Offer Program  
Board File Number EB-2008-0261**

This letter acknowledges receipt on July 7, 2008 of your application for an Electricity Generator Licence under the Standard Offer Program. The Board has assigned File Number EB-2008-0261 to this matter. Please refer to this number in all future correspondence to the Board regarding this matter.

On December 5, 2006 the Government of Ontario filed an amendment to Ontario Regulation 161/99 under the *Ontario Energy Board Act, 1998* exempting generators from the need to be licenced as owners or operators of generation facilities that have a name plate capacity rating of equal to or less than 500 kW. The regulation also exempts these generators from the need to obtain a licence to sell electricity if the generation is contracted in the Standard Offer Program currently being implemented by the Ontario Power Authority.

Accordingly, the Board is returning the documentation received on July 7, 2008. Please find attached your application and cheque. Please be advised that the file for this application is closed.

Please direct any questions relating to this application to Julie Doherty, Advisor at 416-440-8133 or e-mail, [Julie.Doherty@oeb.gov.on.ca](mailto:Julie.Doherty@oeb.gov.on.ca).

Yours truly,
